

Procurement and Contract Management Training

Course Venue: Russia - Moscow

Course Date: From 22/06/2026 To 26/06/2026

Course Fees: 4950 GBP

Audience: Procurement Officers, Contract Managers, Project Managers, Engineers, Business Administrators

Introduction

Procurement and Contract Management course, designed for professionals seeking to enhance their strategic procurement and contract oversight skills. Tailored for Procurement Officers, Contract Managers, Project Managers, Engineers, and Business Administrators, this training equips participants with tools to manage sourcing, contracts, supplier relationships, and risks effectively.

Through interactive workshops, real-world case studies, and simulations, attendees will gain practical insights into procurement strategy, negotiation, compliance, and performance management. Whether you're looking to streamline processes or strengthen supplier value, this course will empower you with best practices for achieving procurement excellence and driving organisational success.

objectives

By the end of this course, participants will be able to:

- Understand the procurement process and its strategic importance.
- Conduct effective sourcing, supplier selection, and tender evaluations
- Develop and manage contracts efficiently
- Apply best practices in contract negotiation and risk management
- Ensure compliance and manage supplier relationships for long-term value.
